AccuSpeechMobile and Printronix Partner to Offer Global Voice Productivity & Automation Solution

IRVINE, Calif., August 18, 2015 — /PRNewswire/ — AccuSpeechMobile™, a Vanguard Voice Systems® company, announced today that Printronix is now the company's first global distributor of its AccuSpeechMobile Voice Productivity and Automation solutions. Printronix, the global leader in industrial Line Matrix and Thermal Barcode printing, will assist through their global sales and support network to help bring AccuSpeechMobile's device-intelligent [voice productivity and automation solution](#) deeper into the supply chain market.

"Our partnership with AccuSpeechMobile expands our ability to help customers streamline operations, reduce costs, and sharpen their competitive edge," said Ron Gillies, Americas, VP of Sales & Marketing. "AccuSpeechMobile is an extraordinary mobile solution, and with the Printronix partnership now in place, we can aggressively provide customers with a premium mobile voice integration and automation option. When introducing AccuSpeechMobile solutions into a supply chain environment, businesses will optimize their existing systems without changing applications or putting their current IT infrastructure at risk."

"The AccuSpeechMobile and Printronix partnership represents a shift in voice productivity adoption in the supply chain market," added Bob Bova, President and CEO of AccuSpeechMobile. "Market trends show a shift away from costly, time-worn, server-dependent voice solutions. Alternatively AccuSpeechMobile customers like **Tootsie Roll Industries, Oakley, Spears Manufacturing, Cabelas' Outfitters, QuikSilver, RIDGID Tools, Colony Brands** and other leading companies are easily and cost-effectively voice-powering, automating and optimizing their distribution operations solely from their mobile devices. Now through the reach and expertise of Printronix's global sales and channel partner network, mobile voice productivity and automation can reach even deeper into the global supply chain market."

Mobile Voice Productivity plus Voice Automation

AccuSpeechMobile's device intelligent, "server-less" approach, optimizes the customer's existing operations through voice-enabling and automation of a wide variety of supply chain operations. Driven solely from the customer's powerful Multi-OS ruggedized mobile computers, smartphones, tablets, RFID and barcode scanners, AccuSpeechMobile's voice technology can be integrated with ease and produce instant return on investment.

As a further extension of the partnership, AccuSpeechMobile's advanced mobile technology allows Printronix customers to also automate business processes non-invasively using a single voice command to trigger sophisticated functionality across single and multiple applications. The result, further increases speed and streamlined supply chain operations.

About Printronix Auto ID

For more than 40 years, Printronix has been addressing global customer needs for mission-critical industrial printing. Offering the two most-trusted brand names in back office and supply chain printing, Printronix and TallyGenicom, known throughout automotive, retail, food & beverage, government and utilities and transportation and logistics enterprises across the globe. The combined brand portfolios include the highest-quality line matrix, thermal and RFID printers, and service management solutions. Our products streamline operations, provide visibility to supply chain, reduce costs, and help organizations sharpen their competitive edge. Printronix was founded in 1974 and is headquartered in Irvine, Calif.

About AccuSpeechMobile and Vanguard Voice Systems
